

PROCESS EQUIPMENT SPECIALIST

- ✓ Pharmaceutical manufacturers
- ✓ Research Labs, Scaled Equipments
 - ✓ Chemical Industries
 - ✓ Food & Beverages Industry
- ✓ Pharmacy Universities and Colleges

Platinum Pharmatech

-Avant' Garde Pharma machinery

Platinum Pharmatech is a contemporary technology driven enterprise, specializing in Design and manufacture of Pharmaceutical process equipment, backed by Avant' garde research

*The Diverse range of Process equipment
PLATINUM Manufactures is a testimony of our
Commitment to the Pharmaceutical Industry*

Collaboration Life-cycle

That Platinum manufactures with Object oriented roadmaps, such as meeting approvals of the FDA is a denominator with all our clients, working closely to ensure a 360° Collaborative environment often helps Platinum Cut to size the deployment life cycles.

cGMP or FDA facilities, Platinum DELIVERS. Strongly.

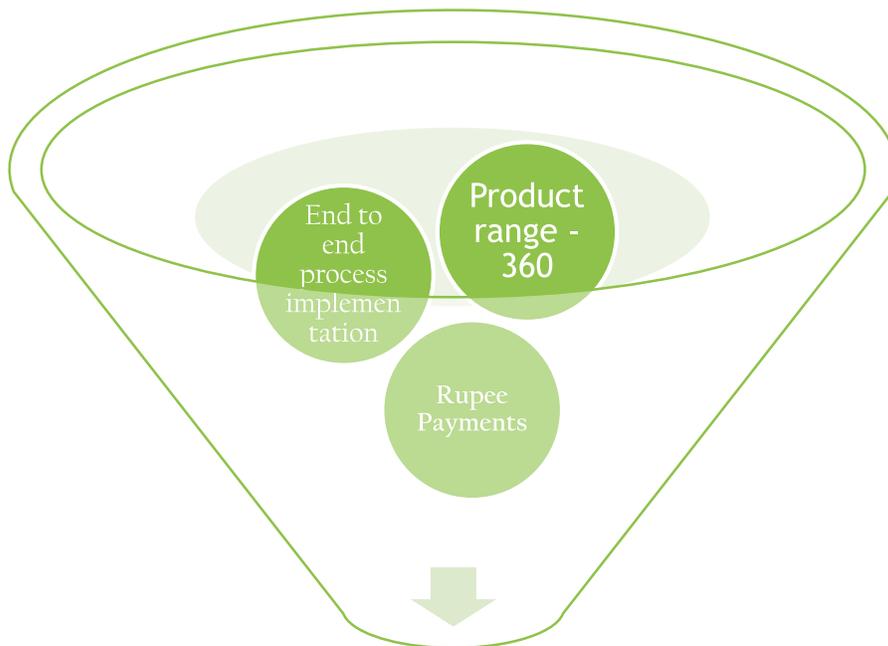

Innovative business practices while manufacturing process equipment for the pharmaceutical Industry, addressing cGMP or meeting US FDA norms, are some of the key factors, which hold Platinum in good stead with the diverse clientele. These factors find ready empathy with Platinum's Cutting Edge Engineering and QA enforcement divisions.
